

Kennington Memory Club

Living well with dementia
Registered Charity 1179830

To all Kennington Memory Club members and carers.

As Kennington Memory Club trustees and staff we are delighted to be able to welcome you to the Club now it is reopening after the worst of the COVID 19 pandemic. But the world is a different place from before March 2020, so the Club will be running with somewhat more stringent conditions than before. Because of this the Terms and Conditions we ask you to sign have had to be revised. Please would you ensure that the current attached Terms and Conditions 2021 are signed for every member attending from May 2021, whether or not they attended the Club before March 2020.

If you would like to know more about how the Club will operate in COVID times, please look at the revised Risk Assessment which can be found in the About Us section of our website: kenningtonmemoryclub.org.uk

One of the new procedures that will be put into place is a check on the temperature of a member on arrival, using an infrared thermometer pointed at the forehead. Any drivers and carers who bring members to Kennington Memory Club are asked not to leave until the member has been admitted to the building, just in case an abnormal temperature is detected. In this case the member would have to return home in order to safeguard the well-being of all other members and staff.

We are excited that the Club can offer day care sessions once more. We do hope that members enjoy their day with us and that carers appreciate their time off-duty.

Isobel Birse,
Chair, Kennington Memory Club

Helen Little
Organiser, Kennington Memory Club
